P R O F E S S I O N A L O V E R V I E W

Detail-oriented and creative Front-End Developer with a strong foundation in web technologies including HTML, CSS, JavaScript, and modern frameworks such as React. Adept at translating design concepts into responsive, user-friendly interfaces that enhance user experience and engagement. Proven ability to collaborate with cross-functional teams, troubleshoot complex issues, and deliver high-quality code. Passionate about continuous learning and staying current with emerging trends in web development. Seeking to contribute technical expertise and innovative thinking to a dynamic development team.

W O R K E X P E R I E N C E

MTF Biologics | Edison, Junior Front-End Engineer (React Developer) Jul 2024 - Present

- Developing and maintaining internal business applications (used for tissue tracking, donor data, regulatory compliance, etc.)
- Assist with database development using SQL server
- Create React UI for reporting dashboards and automation tools for QA, R&D, or Regulatory Affairs teams
- Building reusable components and front-end libraries for future use
- Translated Figma UI/UX designs into responsive React components

Norwin Technology at MTF Biologics, | Edison, Endpoint and Network Administrator May 2022 - Jul 2024

- Support device imaging, deployment, and patching (Windows Autopilot, SCCM, Intune)
- Respond to ServiceNow tickets and handle hardware refresh cycles
- Maintain and support network infrastructure: switches, routers, firewalls (e.g., Cisco, Fortinet)
- Monitor network security and troubleshoot outages, performance issues
- Work closely with Cybersecurity, Help Desk, and Server Admin teams
- Support the rollout and maintenance of VoIP systems and unified communications

Randstad Technology at Bessemer Trust | Woodbridge, Application Support Analyst Jun 2021 - April 2022

- Provide Tier 2/3 application support for business-critical systems
- Implement patches and software fixes, ensuring minimal downtime
- Create user-facing documentation and ongoing support guides
- Act as a liaison between business users and development/support teams during outages

Beacon Hill Staffing at Shionogi | Florham Park, Desktop Technician Feb 2019 – Jun 2021

- Provided comprehensive end-user support across hardware, software, network, and account management, including troubleshooting VPN Global Protect connectivity
- Proficiently navigated applications such as MobileIron, Box, Active Directory, Global Protect VPN, SharePoint, and WebEx, optimizing their functionality for seamless operations
- Conducted on-site technical support, installations, repairs, and preventive maintenance of workstations and associated software/hardware prior to the COVID-19 pandemic, ensuring uninterrupted workflow
- Demonstrated both technical expertise and emotional intelligence, effectively imparting highly technical content to users with varying experience levels, fostering a conducive learning environment

EDUCATION

Kean University Union, NJ Computer Science	2011
Woodbridge High School Woodbridge, NJ High School Diploma	2007

TECHNICAL SKILLS & TOOLS

Languages: HTML5, CSS3, JavaScript, SQL
Frameworks/Libraries: React.js, jQuery, Bootstrap, Material UI
Tools: GitHub, Figma, Firebase, Vercel
API Integration: RESTful APIs
CMS/Platforms: Shopify, Shopify App Development

SOFT SKILLS

Team Player	Strategic Thinking	Growth Mindset	Organized and Detail-Oriented
Time Management	Dependable and Reliable	Peer Code Reviews	Self-Motivated
Multitasking	Strong Work Ethic	Debugging	Quick Learner

CERTIFICATION

CompTIA A+ Certification — Issued June 2024 | Valid through June 2027

PROJECT

Animation Portfolio Web App – Built with React.js and Framer Motion, deployed via Vercel, showcasing modular component design and UI animation <https://animation-personal-portfolio-brown.vercel.app/>
